HM has taken over from Brenda Quinn in respect of neighbourhood watch. She stated that she needed more people to help with the scheme, she also needed to update the list of those involved as this appeared to be out of date.

SK A main concern is apathy due to the current low crime rate and maybe the scheme needs to be relaunched.

HM agreed

BL stated the main flow of information relating to crime needs to be from the police direct to HM. There needs to be proper relationships between the two of them. We also need to know why other areas have more detailed crime statistics.

VC suggested a stall at the fun day

HM said that she does not have the time to commit to many hours

BH suggested concentrating on building the relationships

RB said this had been brought up at the Rural Forum, he was not happy with local constabulary's stance. He felt that parish councillors should have maximum information relating to crime

TB agreed

DM will find out about getting more detailed crime info

BL clarified that HM will get relationship details, and suggested putting something in the newsletter

SK suggested inviting people to join the scheme without making it sound too formal

BH suggested an update in the newsletter on crime

CM suggested something on the forum or websites that makes it clear when a new crime has been committed in the village

BL confirmed main issue is people not really interested due to low crime rate

BH have to be careful as some crimes or instances can be blown out of proportion

VC asked if Martin Bentley is still on list of co-ordinators

HM said he was crossed off

RB said if there are any instances in the surrounding fields to contact him

HM said the gate to the playing fields was unlocked Sunday evening and there were some suspicious people sitting in car, she suggested keeping it shut
